Letter to Wes (G.Cifarelli)

Everytime I think of you
 so sweet and lovely dear
 I play your songs and now you are
 still alive here next to me.
 And the memory of you
 is still so strong because
 the happiness you gave to all
 will remain inside of me.

One more time with you hand
 show me the way make me fly away
 with your "voice" full of soul
 so wonderful tell me a new romance.

Now you play in paradise
 with your guitar of clouds
 and all around you children smile
 as you fill their hearts with love.
