## Night's lovers (G.Cifarelli)

Why does nighttime always end my day  
 Everyday working my fingers  
 to the bone  
 I am just a poor black man  
 trying to make a dime  
 so my friend  
 after my day is done  
 before the evening come  
 Why does nighttime always end my day  
 10 pm.  
 Breezing into the club  
 drinking beer and making friends  
 'till the evening ends  
 while the band  
 dixie rhythm & blues  
 all my favourite tunes  
 Why does nighttime always end my day  
 Smoky room  
 filters the rays of light  
 just kiss goodbye the night  
 when'd it get so late ?  
 so early  
 morning has come along  
 and birds all their song  
 Why does nighttime always end my day  
 Home ordinary as I am  
 no more special then  
 all the other guys  
 I'm a lover of the night  
 Don't care 'bout the light  
 So why it get so late so early  
 Every day  
 no more fingers the bone  
 my lady she done gone  
 with another man  
 so my friend  
 this place I made my home  
 and I will no longer roam  
 Why does nighttime always end my day  
 From night today in everyway
